

ICD-10-PCS: CABG

- Origination/Destination of graft(s)
 - Examples: aorta to RCA, LIMA to LAD (indicate if the LIMA was used as a pedicle graft)
- Type of graft(s) used
 - Examples: autologous artery, autologous vein, etc.
- Number of sites bypassed
 - Examples: one, two, three, or four, or more
- Excision of autologous graft
 - Identify the vessel
 - Examples: greater/lesser saphenous vein (left/right), radial artery (left/right)
